

FOR SALE

The only reprographic shop located in the south San Luis Obispo County

I am contacting fellow reprographic and graphic business owners regarding the sale of Blueprint Express, located in Arroyo Grande, CA.

Blueprint Express is a viable small business established in 1986. Over the past 10 years of ownership the shop has grown to meet the demands of managing the digital industry of today. Recently, we began expanding our graphic services allowing for more financial growth. Blueprint Express is the only storefront reprographic service in all the south San Luis Obispo County. The service area covers 6 cities from San Luis Obispo to Santa Maria, truly unique!

Our location is one of the best on Grand Avenue, which is the main boulevard through Arroyo Grande and Grover Beach. We are one of the very few locations with store front parking and we are close to the freeway exits. Our complex had a wonderful facelift in 2016 and presents a very new contemporary look.

I have two valuable full-time employees. Both work customer service and production. One is a graphic artist and the other manages planroom services and takes care of our IT needs.

It would be my pleasure to talk with you about owning a business in this wonderful community and I might add, we have hundreds of wonderful customers!
